CAREER OBJECTIVE

Frontend-focused MERN Stack Developer who turns complex requirements into clean, responsive interfaces using React, Next.js, and MongoDB. Proven ability to ship full-stack features — from secure auth flows to role-based dashboards and real-time analytics.

TECHNICAL SKILLS

Languages & Core: HTML5, CSS3, JavaScript (ES6+), TypeScript

Frameworks & Libraries: Next.js, React.js, Tailwind CSS

Backend & Database: Node.js, Express.js, MongoDB, REST APIs, BetterAuth, JWT

Tools: Git, GitHub, VS Code, Figma, Vercel, Netlify

Soft Skills: Self-Directed Learning, Problem-Solving, Attention to Detail,

PROJECTS

TrailNest — Outdoor Gear & Campsite Booking Platform

[Live Demo](#) | [Github repo](#)(client) | [Github repo](#)(server)

- Interactive map-based booking with conflict-checked date availability for campsites and rentable gear.
- Personal dashboard with visual analytics for tracking bookings and reservation history.
- Owner tools for creating and managing listings with image uploads and availability control.

Tech Stack: Next.js 16, TypeScript, Leaflet, Express, MongoDB, BetterAuth, JWT

BloodSync — Blood Donation Management Platform

[Live Demo](#) | [Github repo](#)(client) | [Github repo](#)(server)

- Donor-recipient platform with location and blood-group based search connecting users in need with compatible donors.
- Role-based admin and volunteer dashboards for managing requests and tracking platform activity.
- Stripe-integrated in-app donation system with Recharts-powered analytics for donation trends.

Tech Stack: Next.js, Express, HeroUI, MongoDB, BetterAuth, Stripe, Recharts

StudyNook — Library Study Room Booking Platform

[Live Demo](#) | [Github repo](#)(client) | [Github repo](#)(server)

- Real-time room discovery and reservation system with search and filtering for students and researchers.
- Google OAuth sign-in with automatic conflict detection preventing double bookings.
- Ownership-based security pattern protecting routes and restricting room management to owners.

Tech Stack: Next.js, Express, HeroUI, MongoDB, BetterAuth, JWT

EDUCATION

B.Sc in Geography & Environmental Science — National University | 2024 – Present

LANGUAGE PROFICIENCY

- Bangla (Native)
- English (Work Proficiency)
